**DESCRIPTION/OPTIONS:** This 2008 custom Harley-Davidson Road King is a very clean, well-built bike with a ton of upgrades. Powered by a strong-running 6-speed transmission setup, this bike sounds amazing with the Rinehart exhaust and has the perfect stance with ape hanger bars and a 21-inch front wheel. It also features a custom seat that makes for a comfortable and stylish ride. With only 50,000 miles, this Road King has been extremely well taken care of and it definitely shows. Runs and rides excellent, turns heads everywhere it goes, and is a super fun bike to ride. If you're looking for a clean custom bagger with great upgrades already done, this is the one. Trades are welcome — let us know what you have!
